[CNE25] #15 BONUS Beast Field

Welcome to the Beestenveld, a beautiful forest area located near the village of De Rips. Join us on this 5-6 km route (good walking shoes are a plus) and be surprised by nature!

Stately avenues

Characteristic of Beestenveld are the many stately avenues. The straight roads and paths were constructed by the Heidemaatschappij from 1891 during the reclamation of the heath. They were used for inspection and maintenance of the area, but also as a buffer against forest fires. The avenues were named after queens or saints or terms from forestry.

Koordekanaal

The Koordekanaal runs through the Beestenveld. This canal was dug around 1939 as a defense structure for the Second World War.
